To whom it may concern,

I am writing this letter to say a big thank you and record the fantastic service I received from Brian Keogh of Total Experience, The Avon, Blessington.

At very short notice Brian put arrangements in place for day 1 of a 2-day teamwork and leadership programme of events for a new client. I really appreciate the fantastic work Brian and his team did with my client and the really positive outcomes achieved with my client's team of senior managers. Brian's professional, sensible and positive approach creating an opportunity to learn and develop their teamwork and leadership skills was a pleasure to observe and be part of.

In addition, the venue at Blessington lakes makes for an amazing and wonderful setting. My client's feedback is very positive and I have no hesitation highly recommend Brian Keogh of Total Experience, the Avon, Blessington.

Your sincerely,
