The Avon

# Wacky Races

**Wacky races is a total fun and interactive team event. It will have you laughing all the way across the finish line!**

The event is divided into three phases:

**Phase 1** Teams compete in eight team tasks in order to gain a grid position for the 'Wacky Grand Prix'

**Phase 2** Teams construct a pedal push Go-Kart, tuned to perfection, creating their own original wacky design and customising their artwork in an on-location paint shop! (There's a bonus prize for the most wacky design!)

**Phase 3** Then it's onto the race track in the allocated grid positions. Then the flag is raised and they're off! Each team needs to complete 3-4 laps, changing driver each lap before passing the chequered flag to try to take the top spot on the podium!

Optional Extras: Team hats, t-shirts, prizes, framed photos.
